STUDENTS CENTRIC METHOD

Student centric methods help the students to transform from passive learning to active learning by various methods which boost their confidence and self confidence.

The student centric methods are classified into three types,

➤ **Experiential Learning**

The students are encouraged to take up the various different courses in NPTL, MOOCs for enhancement of their field of interest and encouraged to participate in various activities like Conference, Workshop etc.....

➤ **Participating learning**

Students are made to undergo different activities like Role-play, Group Discussion which makes every student to have a confidence which assists even in their placements also

➤ **Problem solving**

Students are compulsory to take up the Projects, Internship in their final year which gives a practical experience and helps the students to face the practical challenges and also the activities like poster presentation and modelling of the concepts add to their self development
