**WEBINAR REPORT ON  
“IMPACT AND STRATEGIES FOR HIGHER EDUCATION”**

**By Mr. Shivagurumurthy  
Research Assistant, Shizuoka University, Japan.**

The Department of Mechanical Engineering organized a Webinar on **“SCOPE AND CAREER OPPORTUNITIES IN HIGHER EDUCATION”** on 17.07.2021 at 11:00 AM. The objective of the webinar was to enlighten the students about **SCOPE AND CAREER OPPORTUNITIES IN HIGHER EDUCATION**

The webinar was conducted on Teams applications. The Event started with Motivational speech by the guest speaker. **Mr. SHIVAGURUMURTHY** introduced the career opportunities and Higher Education. And also More information about Higher Education like M.Tech , MBA, MSc, MS in foreign countries as well as in India, Career opportunities in Research and Job Information

The Guest speaker covered the following topics

- 1) Career opportunity
- 2) Government/Private Jobs
- 3) What skills does companies look for

The participants were satisfied by the clear, Informative and knowledgeable talk given on the topic **“SCOPE AND CAREER OPPORTUNITIES IN HIGHER EDUCATION”**. The queries raised by the participants were clarified by the speaker. The participants gave commendable feedback about the programme.

HOD expressed his gratitude to all the participants and Resource person for their support and cooperation by spending their valuable time on this event. He also thanked the Chairman-Children’s Education society, Directors, Principal for providing this opportunity.

Around 90 students and 12 faculties are participated in the webinar.

**Index of the talk(Hands on Experience)**

Date	Topics
30-8-21	Growth of Dart and Flutter,- Dart language overview, - Installing Dart

	- Windows - Linux, - Mac
31-8-21	On web, - Datatypes, - Control flow statements, - OOPs, - Installing external open source packages,- Flutter Apps, - Hello world
1-9-21	Navigation, - List view app, - Todo App ( Local storage ) - State Management Concepts
2-9-21	Packaging your app and how to publish app is play and app store - Walkthrough of Google Play Store Console,- External References and Resources,- Project Ideas

**[www.theoxford.edu](http://www.theoxford.edu)**

It is not difficult to start using the Dart language, especially for those who have already learned programming languages such as JavaScript, PHP, Java, Kotlin, and others. In syntax, Dart has similarities with other programming languages that have adopted the concept of Object Oriented Programming (OOP).

Dart is an OOP, which was developed by Google and first released on October 10, 2011. Dart is a programming language designed to create applications that are fast on many platforms. When this tutorial was written Dart was implemented in making applications on the mobile platform (Android or iOS), backend (web or server), and desktop (Mac or Windows). Besides being developed to produce fast and multi-platform applications, Dart was also developed specifically to create a beautiful user interface.

The source code contains the `main ()` function, which is the function that will be executed first when the compiler accesses files with the `.dart` extension.

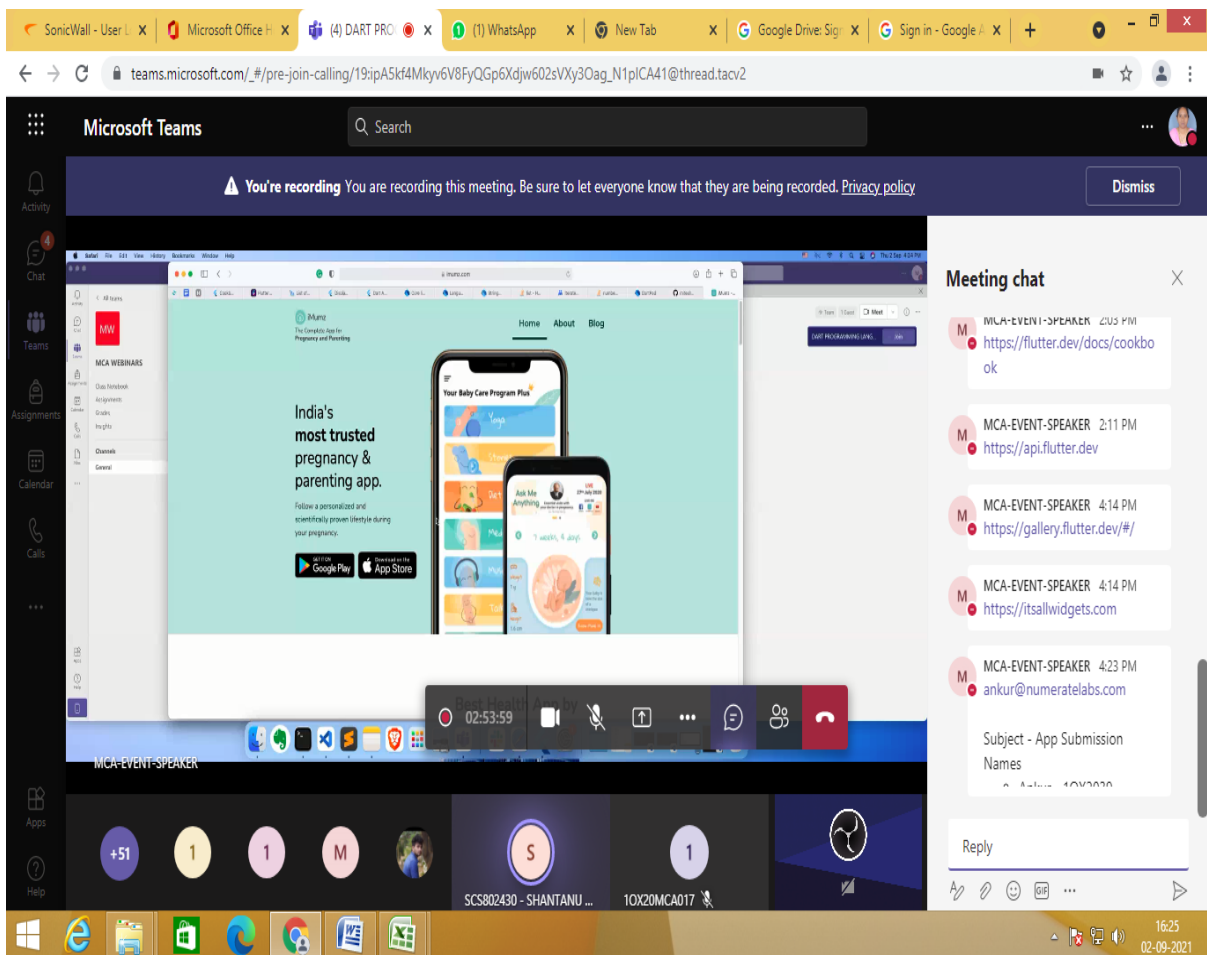

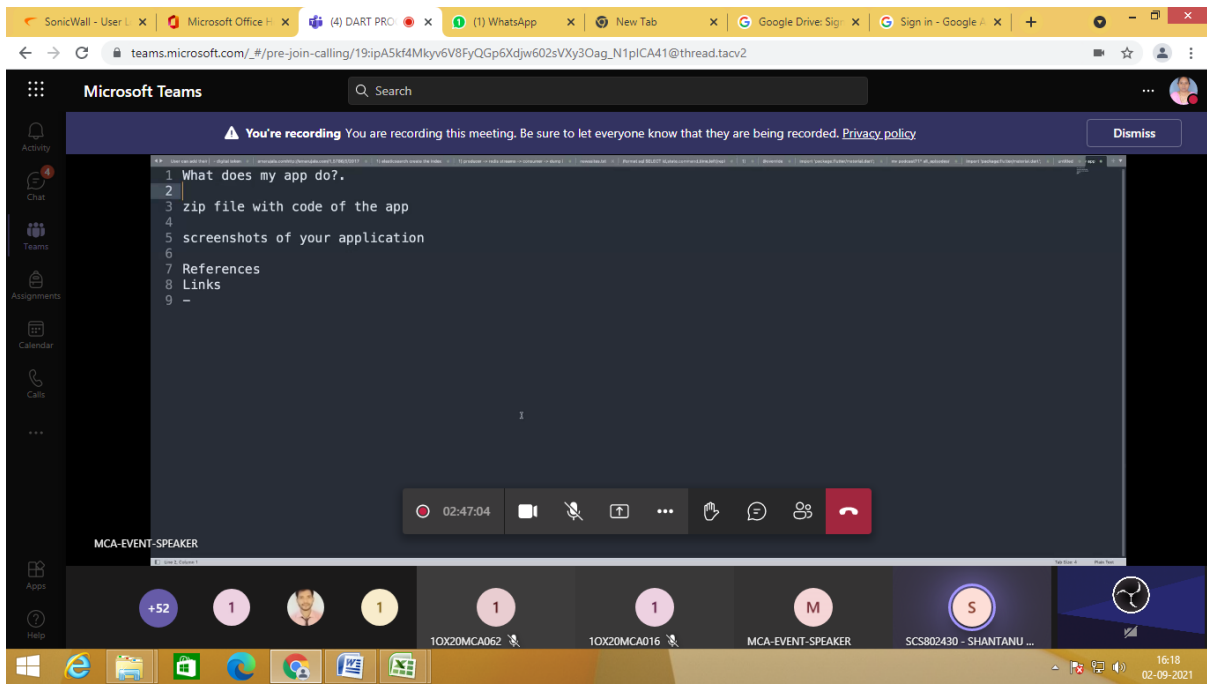

```

PROBLEMS  OUTPUT  DEBUG CONSOLE  TERMINAL
+ dart_tutorial dart hello.dart
Hello Topcoder!
+ dart_tutorial |

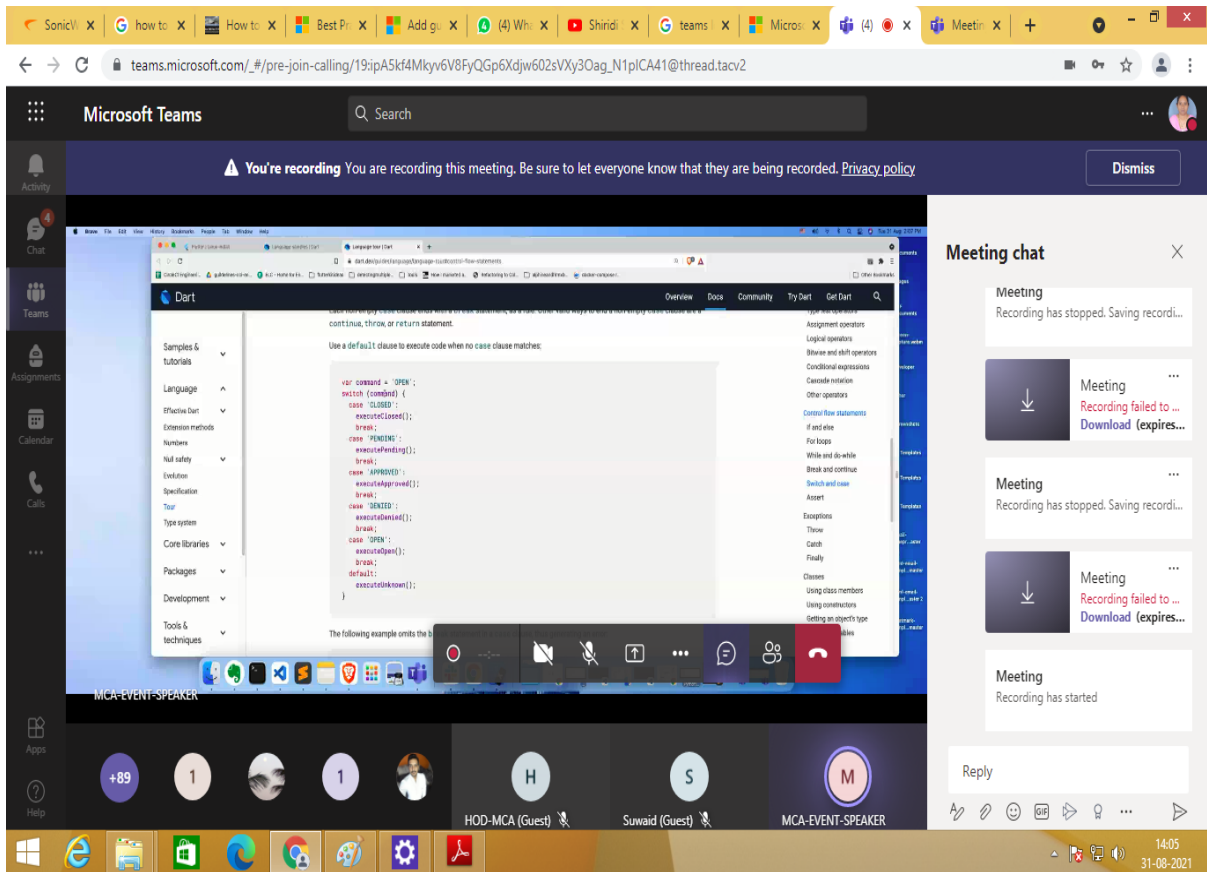

```

In this Workshop students and Professors, Assistant Professors from the Department and various other department Students & Faculties like CSE,ISE has also taken Part in the 4 days Dart Programming workshop which was conducted through online mode Microsoft Teams.As the workshop has given an Hands on Experience, Every has shown very much interest to learn the Language. More than 200 Participants has taken part all 4 days. For Students, The Innovative App Challenge was given. The students has to develop an using the concepts which they have been trained in the workshop five days time duration was given. The Innovative App challenge 2021 Starts from 2-9-21 to 8-9-21.The Best Three Innovative App Challengers are awarded with the Cash Prizes. All the concepts are being explained through practically.Even All can practice there itself and very much encouraged in Question and Answer section.The Work shop Started with basic Hello Programme and concepts are

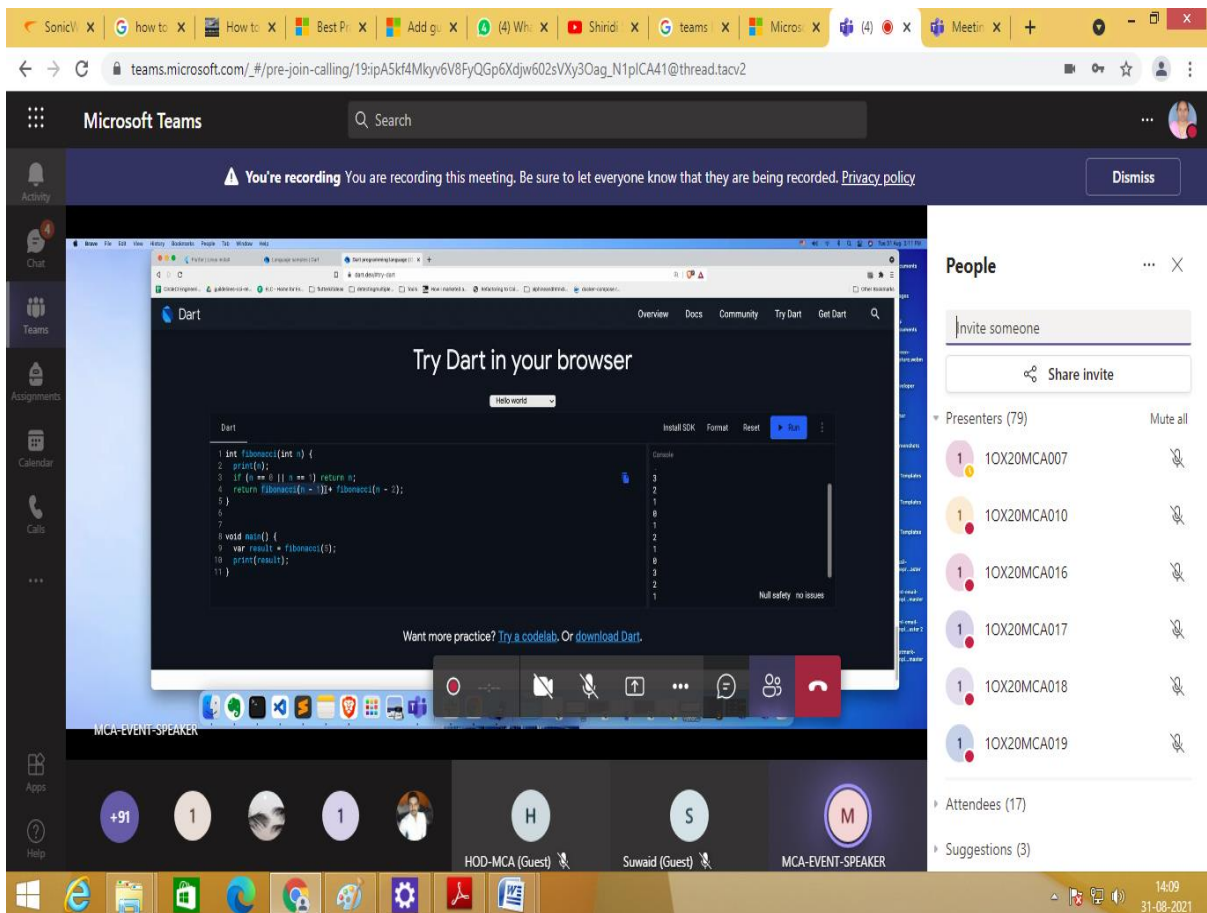

followed with Variables functions, oops,Then Application Designs and Developments Based on the Flutter.

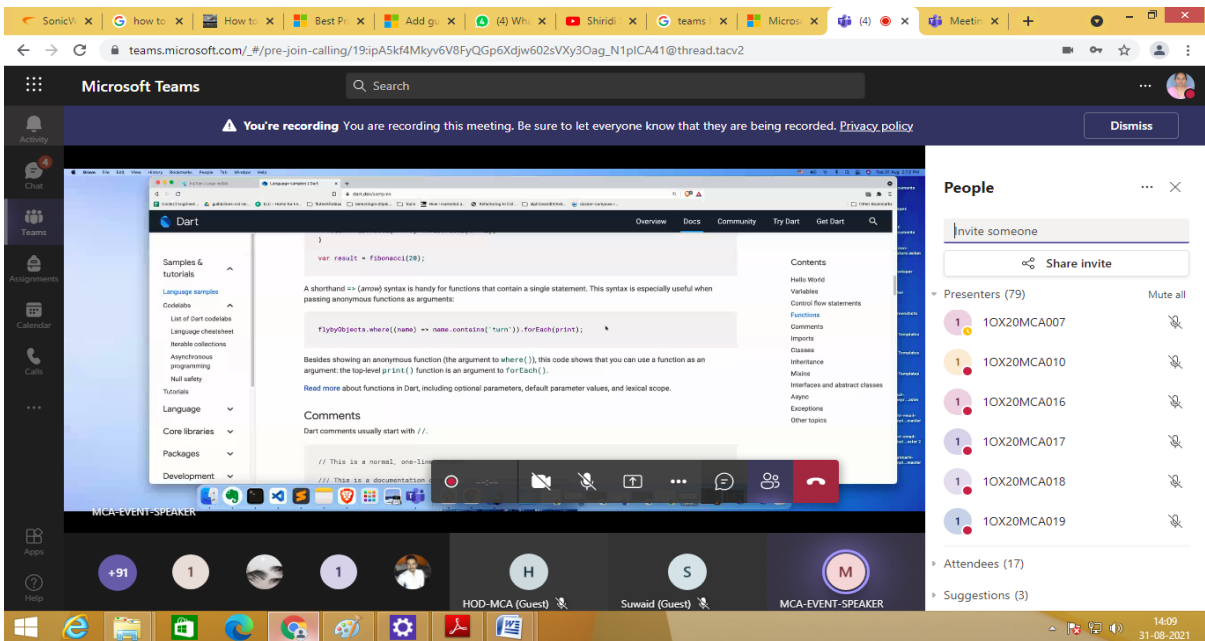

# 31-8/21: Growth of Dart and Flutter,- Dart language overview, - Installing Dart - Windows - Linux, - Mac

## Growth of Dart and Flutter

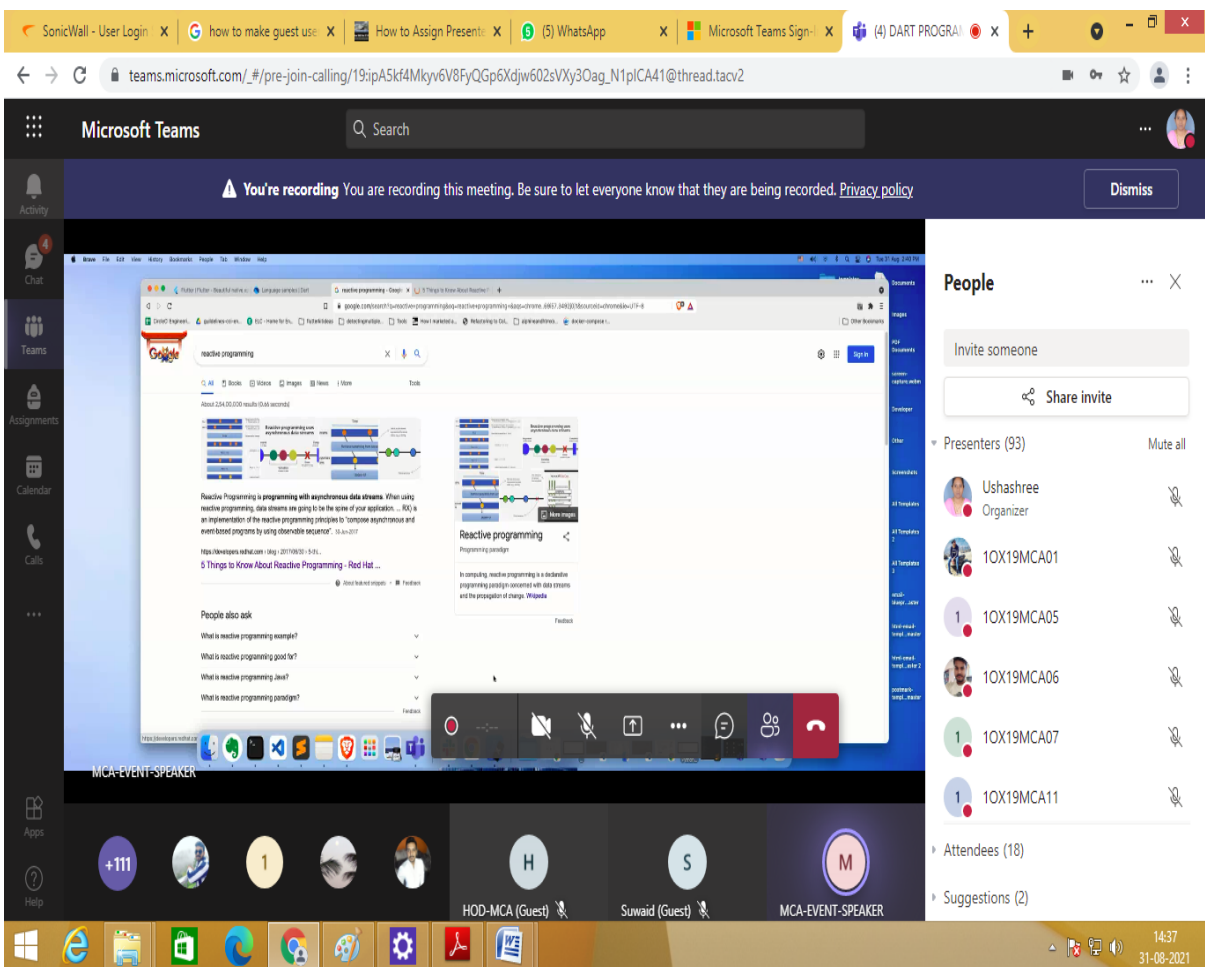

## Dart Environment

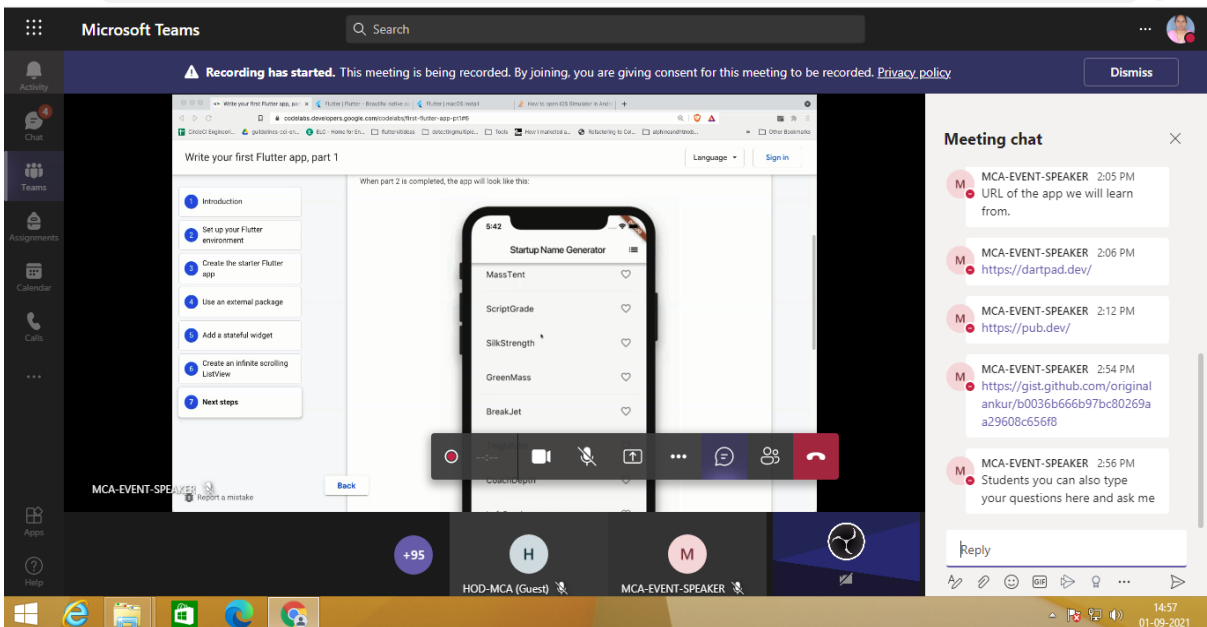

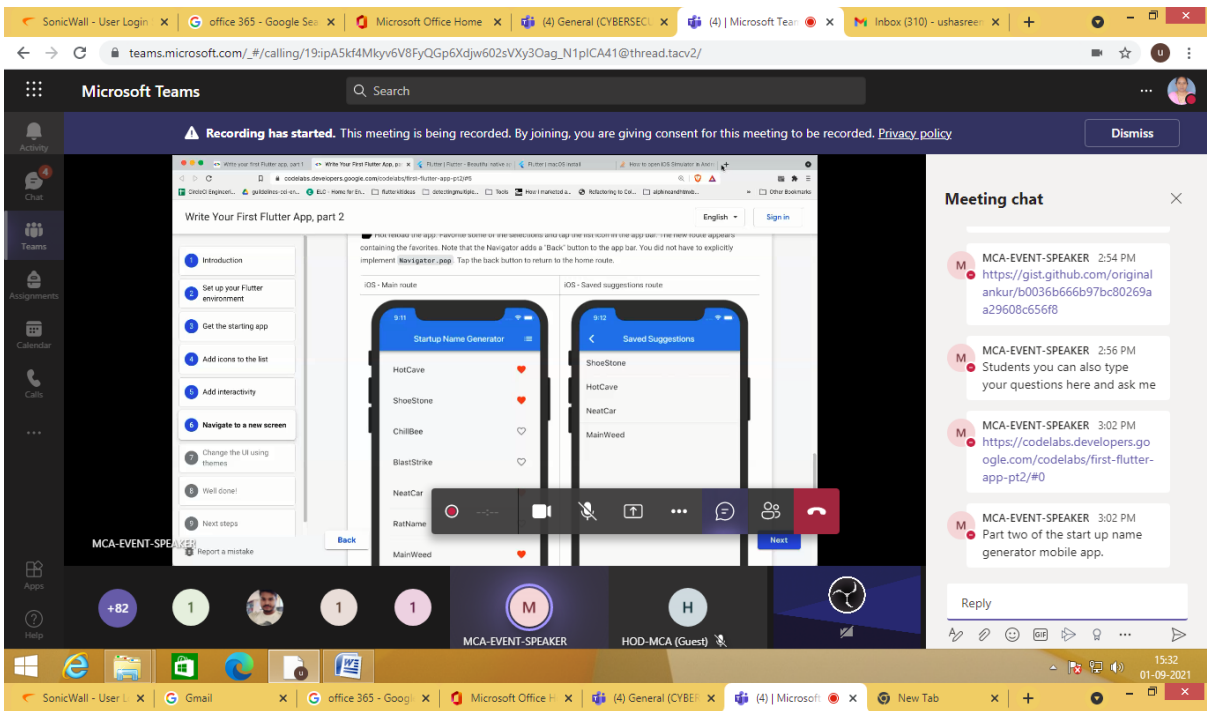

## Dart language overview, - Installing Dart

1-9-21: Navigation, - List view app, - Todo App ( Local storage ) - State Management Concepts

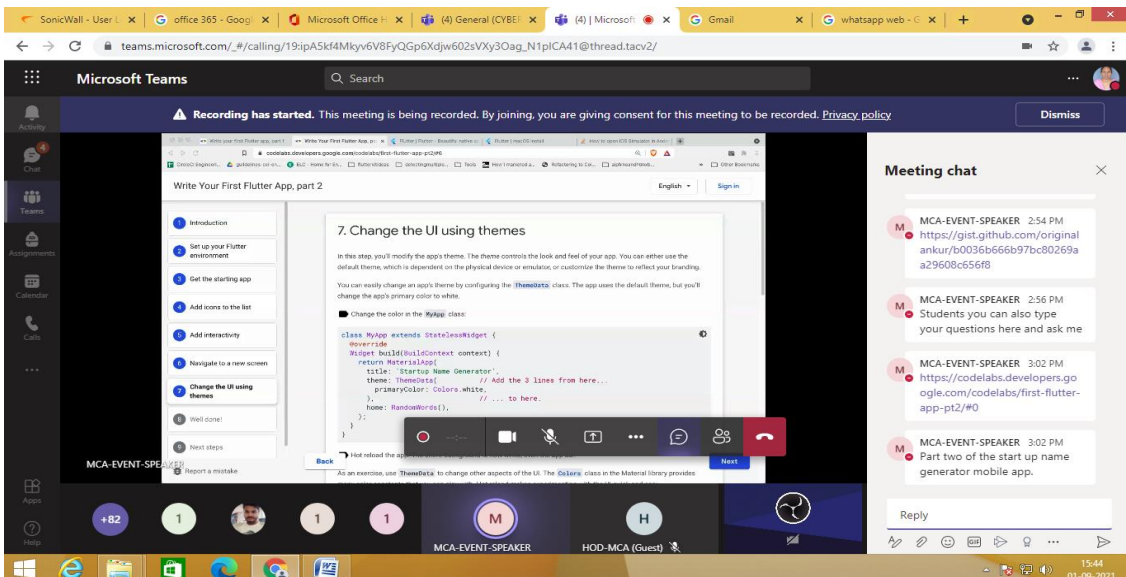

## Dart Installation- Windows - Linux, - Mac

31-8-21: On web, - Data types, - Control flow statements, - OOPs, - Installing external open source packages,- Flutter Apps, - Hello world.

### SUMMARY :-

The Oxford College of Engineering, Bangalore, in association with Institute Innovation Council and code Tunner's club has conducted a session on the topic "MY STORY – MOTIVATIONAL SESSION BY SUCCESSFUL INNOVATORS" for students, on October 13<sup>th</sup>, 2021 at seminar hall ISE department. This event was college driven program. The expert speaker **Nandhini Raam**, software engineer at tech Mahindra was invited to conduct the event.

The main objective of this program was to make students motivated by some successful innovators who have succeeded in their life by their own innovative ideas. The expert talker shared his own story and experiences how to get success in their branch. His speech motivated students and provided lots of information which made students a path for finding success.

#### Brief details of the event: -

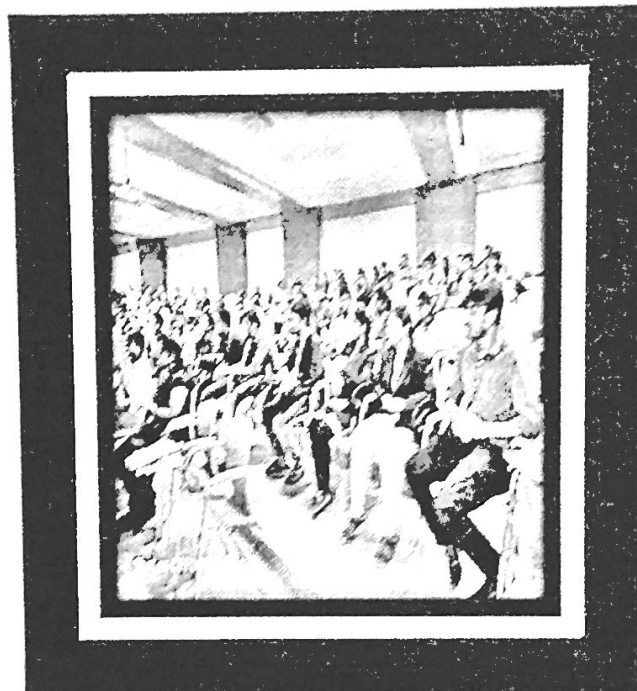

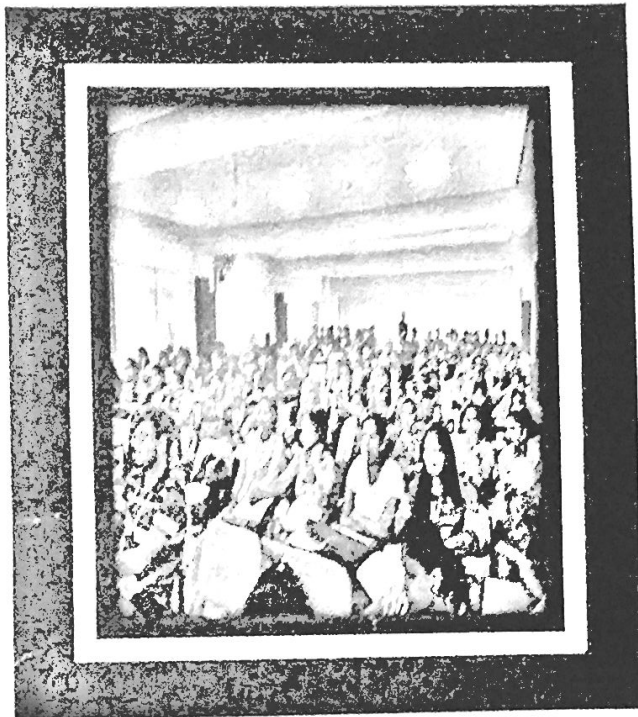

Nandhini Raam is a successful innovator and entrepreneur whose passion is to working for people with disabilities in India. She has been working for the people with disabilities since 2014. The expert speaker shared with the students how left budding corporate career in order to carry on with. Her Passion but only after the enterprise had grown to that level that it could not be managed part time and was generating enough revenue. In interaction, she spoke about the skills required by a successful social enterprise owner and who desire to improve their world, to be productive, to have that ability to spot new trends and to deal with failures. The expert speaker talked about revolutionary innovations of the companies like amazon, Flipkart, that how they built up a customer service, inventory and shipping empire that allows offering everything possible for everyone.

#### Learning outcomes for students:-

1. Students found the topic very interesting and asked relevant questions on issues associated with innovation and entrepreneurship.

2. The students were very enthusiastic to know more from the resource person regarding own journey. Faculty Coordinator name: Mrs. Vishalini, associative professor of ISE department and handled this event. Second year students participated in the event .112 students actively involved in the event.
3. Students gained in the depth knowledge of social entrepreneurship and traits required to excel in a business venture.

This session was helpful for graduates to improve their awareness and knowledge about functioning of local and global business, environment and society also to recognize basic information of entrepreneurship comprising characteristics, functions and elements of successful business ventures.

## Report On Start-up activity through Alumni Meet 2021

- Date: 23<sup>rd</sup> October 2021
- Time: 2:30 PM to 5:30 PM
- Participants: Principal, 2020 Batch Alumni, First, Second, Third and Final year Students from ISE Dept., Faculty Members.

The poster features the college logo on the top left and the Institution's Innovation Council logo on the top right. The main text is centered and reads: 'THE OXFORD COLLEGE OF ENGINEERING', 'HOSUR ROAD, BOMMANAHALLI, BENGALURU-560 068', '(Approved by AICTE, New Delhi, Accredited by NBA, NAAC, New Delhi & Affiliated to VTU, Belgaum) (Accredited by NBA, New Delhi)', 'Department of Information Science and Engineering', 'IN ASSOCIATION WITH IIC, CODE TUNNERS CLUB', 'Organizing a session on', 'Start-up activity idea through Alumni Meet', '23/10/2021 (Saturday)'. At the bottom, three organizers are listed: MS.VISALINI (IIC MEMBER, THE OXFORD COLLEGE OF ENGINEERING), Dr.R Kanagavalli. (PROFESSOR & HOD, DEPARTMENT OF ISE), and Dr.N Kannan (PRINCIPAL & PRESIDENT, IIC, THE OXFORD COLLEGE OF ENGINEERING).

### Report Summary:

The Department of Information Science & Engineering had organized alumni meeting for the batch 2020 passed out conducted on 23<sup>rd</sup> October 2021. The event was attended by more than 200 students including 100 Alumni who are from different parts of the Nation.

The meeting started at 2.30 P.M. with an invocation song by Sushma B N, student of final year ISE. Dr R Kanagavalli, HOD, Department of ISE welcomed the gathering and introduced principal Dr. N. Kannan, The Oxford College of Engineering to the gathering.

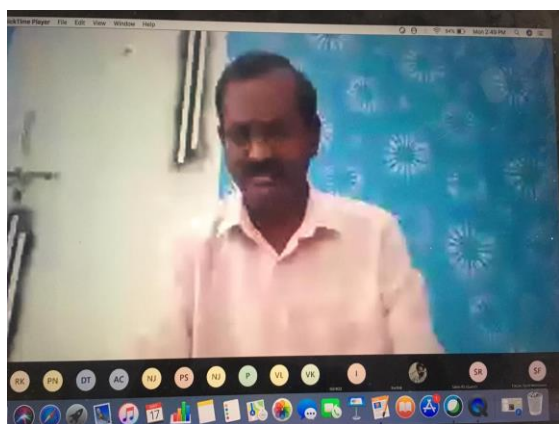

Dr. N. Kannan, Principal, welcomed the gathering and addressed the Alumni and students. In his speech he highlighted the involvement of Alumni in the growth of the Institution. He also appreciated the Alumni for showing interest in participating in the Alumni meet and ready to interact with the juniors.

The alumni also shared their experiences in their college days and their journey from student to the present. Mr Ritesh and Ms. Akanksha provided input to current students of Dept. of ISE about how to prepare for placement activities and in his words he expressed how to choose the career path. Mr. Ritesh, Ms. Aishwarya, and Ms. Raksha recalled their college memories. About 30 Alumni shared their experiences and success stories to their juniors.

Alumni survey and feedback were taken at the end of the meet. Prior to the alumni meet, the event registration details were shared to the alumni through various social media platform and mail was also sent to all alumni.

Students cultural talents were shown to the gathering through video and the faculty members and students of ISE department interacted with Alumni.

To end up the Session, vote of thanks was given by Mr. Pawan Kapoor, Student thanking all the participants and Alumni for their cooperation by spending their valuable time on this event. She also thanked the Principal & head of the department Dr. R Kanagavalli for their support and guidance.

The Oxford College of Engineering, Bengaluru- Institution Innovation Council in association with the Department of Management Studies organized a webinar on "My story – Motivational session by successful Entrepreneur/Startup founder" by Mr. Venkatesh G, the founder of VSK Arts, Bangalore on October 25th, 2021.

Mr. Venkatesh G, the founder of VSK Arts, believes that entrepreneurs use their creativity and ingenuity to solve community problems. The event's goal is to have one-on-one communication. It was extremely beneficial to the development of entrepreneurial skills in students. To instill the spirit of entrepreneurship in the minds and hearts of the students, the speaker shared his success story as a successful entrepreneur. This encourages students to consider a career as an entrepreneur.

The Oxford College of Engineering, Bengaluru- Institution Innovation Council in association with the Department of Management Studies organized a webinar on "Session on Problem Solving and Ideation Workshop." by Mr. A. Aiyappa, Expert in Indian Derivatives Market, Stock Market Institute, Bangalore on November 8, 2021.

Mr. A. Aiyappa, Expert in Indian Derivatives Market, Stock Market Institute, Bangalore , demonstrated about Creative problem solving is an innovation framework centred on better ideation and brainstorming sessions. This workshop would then assist students in getting outside of their own heads to discover new solutions to problems or challenges they have faced for years. This workshop is designed for students who want to innovate, change their mindset to see things differently, and solve problems or challenges creatively. This programmed energized all our MBA students.

## Career orientation Programme- ONE STEP AT A TIME

The banner features logos for the Ministry of Education, MHRD's Innovation Cell (Government of India), and the Institution's Innovation Council. The text reads: **THE OXFORD COLLEGE OF ENGINEERING**, Department of Information Science and Engineering, Hosur Road, Bommanahalli, Bengaluru-560 068. It announces a "Career orientation programme - ONE STEP AT A TIME" on 4/12/2021 (Saturday) at 12.00 pm. The resource person is Ms. Varsha Lokesh, Senior System Engineer at Infosys. The patron is Dr. N Kannan, Principal of TOCE. The convener is Dr. R Kanogavalli, HOD, ISE, TOCE. The faculty coordinator is P Kokila, Asst. Professor.

The Oxford College of Engineering, Bangalore-ISE department, in association with Institute Innovation Council has organized “Career orientation programme- ONE STEP AT A TIME”.

It was scheduled for B.E 7<sup>th</sup> sem students on Dec 04<sup>th</sup>,2021 from 12:00pm to 1:00pm at 4<sup>th</sup> floor seminar hall. The resource person is Ms.Varsha Lokesh, senior software engineer at Infosys.

The main objective of this programme was to make the students aware of the developing IT industry. Ms Varsha Lokesh delivered very important points to the students which helps them to face the interviews. Many inputs were also given to the students like how to crack an interview, how to proceed further if the student is not confident about the sustainability in their particular field, and which concepts to be perfect in to face an interview.

The session was really very interactive which helped the students to gain a lot of knowledge and even questions were also raised by the students .

→Giving tips and advices to the students about how to crack and interview

→Doubts of the students were clarified by the resource person

Around 38 students and 14 faculty attended the session and benefitted.

### **Seminar on “CAREER GUIDANCE TALK ON .NET DEVELOPER CAREER PATH”**

The Oxford college of Engineering, Bengaluru- Department of Computer Science and Engineering organized a seminar on **Career Guidance talk on.Net developer Career Path** on 15<sup>th</sup> Dec 2021 at 11.00 am. The alumni Ms. K. Pratiksha alumni (batch 2016-20) of CSE department invited as resource person for seminar.

**Resource Person: Ms. K. Pratiksha, Associate software Engineer, HGS, Bengaluru.**

Ms. K. Pratiksha interacting with students during guest lecture on 15<sup>th</sup> dec 2021

During the Seminar the students of Computer Science and Engineering gained in depth knowledge of **Net developer career** and traits required to excel in a business venture. The students were very enthusiastic to know more from the resource person regarding her own journey. Career guidance counselling is the skilled process of helping a young person knows themselves (self-awareness), engaging with their career hopes and aspirations, and supporting them in assessing realistic options and creating a meaningful future. Career counselling is a domain of counselling that focuses on helping individuals find the right career pathway. In career counselling the individuals receive guidance from professional counsellors that provide expert advice on the potentials, aptitude, motivations, skills and shortcomings with the use of carefully designed assessment tools. These assessment tools are both subjective and objective. After carefully studying the individual interests and aptitude, career counsellors guide individuals to set their career goals.

Career guidance help students understand their strengths and weaknesses and then match them with their skills and interest so that they get the best suitable career choice. Participation in career guidance enhanced linkage of academic and career experiences and thus, improves career preparation and management. It makes aware of strengths and weaknesses and lets to know what career would be best suited along with discussing the obstacles that we may face along the way Around 56 students are participated in the seminar.

#### **Seminar covers below topics**

- . NET Software Developer.
- . NET Software Engineer.
- . NET Web Developer.
- . NET Developer.
- . NET Engineer.
- . NET Mobile Developer.
- . Dot Net Developer.
- . NET Architect.

## **OBJECTIVES OF THE PROGRAMME:**

The Students Induction Programme should be conducted at the beginning of the first semester for all the undergraduate programmes. As per the schedule of induction programme one session is Alumni interaction with first year students. This session is handled by Ms. Sahana G H, Alumni of EEE[2018-2022 Batch].

The objective of this interaction is to explain the importance of self-motivation. Motivation is what pushes us to achieve our goals, feel more fulfilled and improve our overall quality of life. A motivational speech is to convince or to persuade the listener to take action to improve or to start doing any particular thing. This convincing involves improving efforts and energy to lead to good performance. Self-motivation is important at every point of our life, not only when we are freshers, but also when we are a working professional. It is the drive one needs to keep moving forward in life regardless of whatever the situation is. It is the positive attitude that conditions one to have self-faith and achieve all their goals. The ways in which a fresher can keep themselves motivated are communicate and talk to everyone, choose positive people to talk to, always remain optimistic, understand where our interest lies, motivate others to do their work well.

The alumni interaction also created an awareness about the significance of soft skills in professional and inter-personal communications and facilitate an all-round development of personality. Hard or technical skills help securing a basic position in one's life and career. But only soft skills can ensure a person retain it, climb further, reach a pinnacle, achieve excellence, and derive fulfilment and supreme joy. Soft skills comprise pleasant and appealing personality traits as self-confidence, positive attitude, emotional intelligence, social grace, flexibility, friendliness and effective communication skills.

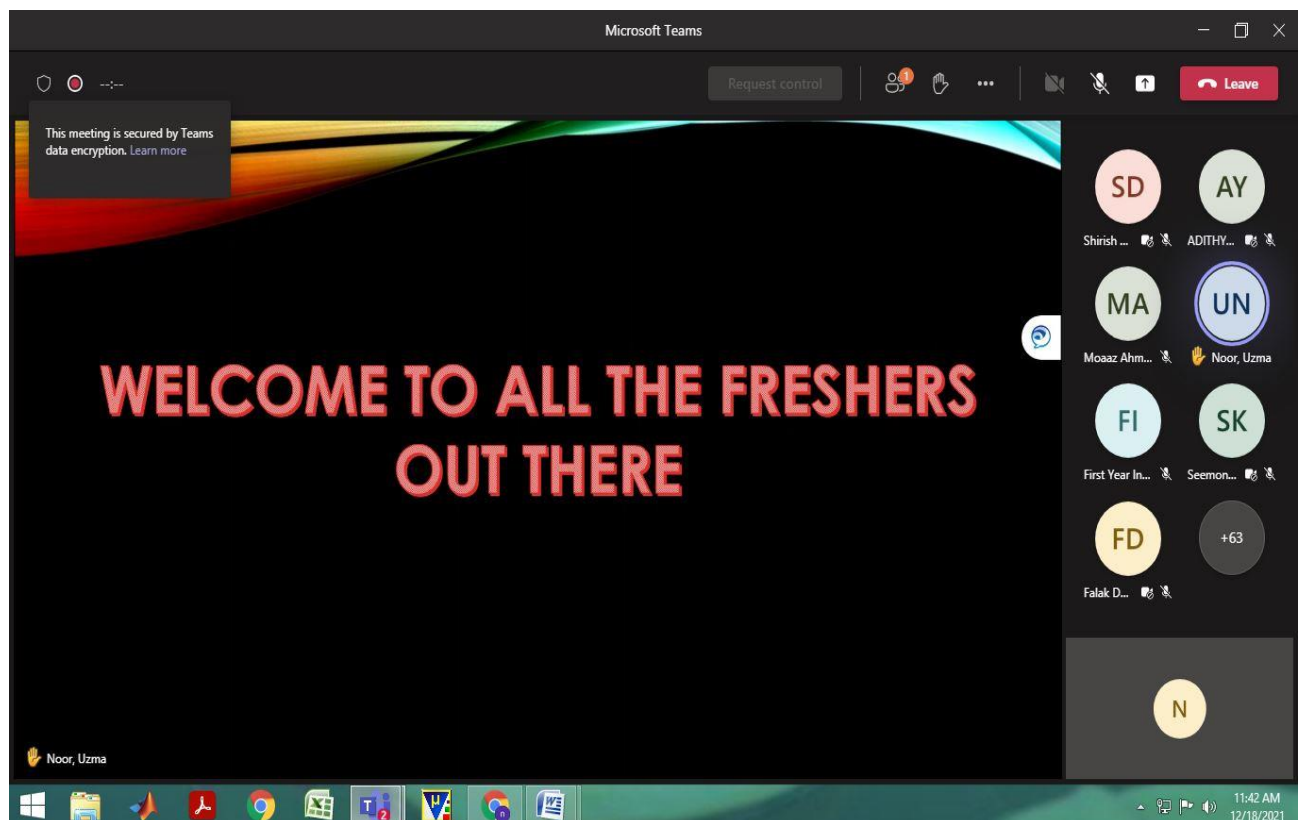

## **TOPIC DISCUSSED:**

- Importance of Self-motivation
- Soft skills in professional and inter-personal communications
- Games and Activities for students

## ABOUT THE SPEAKER:

Ms. Uzma Noor is working in Accenture into HR Operations where she basically deals with the candidate or the to be employees during the entire process of their candidature. She is also involved in reporting work in real time basis as well as Quality Audits of various teams, which is a major part of her work.

Uzma Noor completed her Engineering in Electrical and Electronics in the year 2017 and MBA in HR & Marketing in the year 2020, both from the Oxford College of Engineering. She is an athlete and also a Basket Ball player and have won various prizes for the same. She is also associated with a small NGO which works for the under privileged kids and she herself teach them who have the zeal to learn. Then she started working into a startup as an HR IT Recruiter which gave her a lot of experience in the HR filed for a period of 7 months. It gave her a lot of exposure to a lot reality which exists in the HR domain. Then she joined Accenture into HR Operations. Working in Accenture has inculcated a lot of qualities in her and introduced to a lot more about herself during this time. Self-motivating is a key to her success.

### **DEPARTMENT OF MECHATRONICS ENGINEERING**

#### **Webinar Report**

on

#### **“Artificial Intelligence and Me”**

**Date: 18/12/2021**

**Time: 11.30 AM to 1.00 PM**

**Participants: Faculty members and Mechatronics Students of The Oxford college of Engineering**

**Speaker:**

**Mr. Arnold Sachith.H**

**Alumni, TOCE and Junior R&D Engg. at Kaizen Secure Voiz Pvt.Ltd**

With the continuous support and guidance from **Management, Directors and Principal**, The Department of Mechatronics Engineering, The Oxford College of Engineering has organized webinar on “Artificial Intelligence” on 18<sup>th</sup> of December 2021, from 11:30 AM TO 1:00 PM. The guest was Mr. Arnold Sachith.H, an Alumni of our college and Junior R&D Engineer at Kaizen secure.

The Event started with the welcome speech addressed by **Ms. Ranjitha**, Student in the Department of Mechatronics. She welcomed the Chairman-Children’s Education society, Directors, Principal, Guest, HOD’s and Faculties for the Webinar. By a welcome speech we started the webinar.

The Guest speaker started webinar with the Knowledge on the history of Artificial Intelligence with respect to Robotics and Automation and the present applications of AI in the current industries and also our daily life.

He explained in detail about the job opportunities being created by the AI base companies being started in our country. That included info for the students on where and how to start learning all the aspects related to AI. He also showed us some videos regarding AI based companies and Entrepreneur like Bill gates how they have implemented AI in their business.

Later, he explained about his academic achievements and his projects and how he made use of AI in his projects and about the funding he received from different organizations. He also inspired us to choose a career in the field of AI as it holds more value in the upcoming years.

The participants were satisfied with the clear Informative and knowledgeable workshop. The queries raised by the participants were clarified by the speaker with all of their doubts.

The session came to an end with a vote of thanks given by **Ms. Sahana S R** , Student/MTE. She expressed her gratitude for giving vote of thanks to all the participants and Resource person for their support and cooperation by spending their valuable time on this event. She also thanked the Chairman-Children's Education society, Directors, Principal, and HOD for providing this opportunity.

In association with IIC  
Organizing A Seminar  
on

 **“ENTREPRENEURSHIP OPPORTUNITIES IN COFFEE  
VALUE CHAIN”**

by  
**Ms. Akanksha Gupta**  
(2014 - Alumni)  
**Founder & CEO, BerryCo,**  
**HSR Layout, Bangalore-560102**

**22<sup>nd</sup> July 2022 (3.00PM – 4.00PM)**

<b>CHIEF PATRON</b>	<b>PATRON</b>	<b>CONVENOR</b>	<b>FACULTY COORDINATOR</b>
Shri S.N.VL Narasimha Raju President The Oxford Educational Institutions	Dr. N. Kannan Principal & President, IIC The Oxford College of Engg.	Dr. B.K. Manjunath Professor & Head Dept of Biotechnology	Dr. Nathiya T Assistant Professor IIC Member

The Oxford College of Engineering - Bangalore – Institute Innovation Council in association with Department of Biotechnology organized a seminar on **“Entrepreneurship Opportunities in Coffee Value Chain”** by Ms. Akanksha Gupta, Founder and CEO, BerryCo, HSR Layout, Bangalore, India on 22<sup>nd</sup> July 2022 from 3:00 PM to 4:00 PM.

**Meeting Venue:**

**Hall No: 703**  
**Time: 3.00 pm- 4.00 pm**  
**Dept. of Biotechnology**  
**TOCE**

Today's webinar speaker, Ms. Akanksha Gupta, is a Founder and CEO of BerryCO Industry. She is the alumni of batch 2014 from the Department of Biotechnology. She did her post graduate diploma in Coffee Quality Management and Certified as sensory, Barista and Roasting professional by specialty Coffee Association of America and Europe. She has been an accessor in Flavor of India- Fine Cup Awards, Sensory & Technical Judge in National Barista Championship. She is in the part of Technical Judge in Women's Barista Championship organized by Women's Coffee Alliance (India).

**Objective:** The objective of the session was to give an idea about the quality of coffee bean and detailed analysis reports for Green and Roasted Coffee Bean and how to become an Entrepreneur,

Ms. Akanksha Gupta engaged the session on "Entrepreneurship Opportunities in Coffee Value Chain". The speaker provided detailed information about the coffee bean and its importance in commercial market. During the session, she talk about a passion for coffee has lead to an increase in the number of coffee shop businesses in India. There has been a steady increase in the demand for beverages and the coffee shop or cafe format is fast becoming a popular choice for opening a restaurant business in India. She also stated, according to TechSci Research report, the Coffee Shop business is expected to see growth at a CAGR of over 11% by 2021. This makes opening a coffee shop business extremely profitable if done right process.

The most essential part of webinar is about detailed analysis reports for Green and Roasted Coffee bean. Then the speaker gave guidelines for selecting good Green and Roasted coffee bean like Organoleptic Analysis, Moisture, Density, Grading, Roast Profile recommendations, Brew Method recommendations must be followed for Green Coffee bean analysis. Cupping Notes, Cupping Score, Flavor Profile,

Score, Agtron reading of whole bean and ground coffee analysis used for Roasted Coffee bean. The Speaker gave wide information to audience about the important factors to consider while starting coffee shop. Visibility, Accessibility, Customer base, Affordability, Choosing the right equipment, Hiring the right people, Training your staff, Marketing your coffee shop factors are very important for successful business. Then she elaborately discuss about the Investing the money with using Right Technology. She strongly stated when starting a coffee shop, it is vital to invest in an efficient coffee shop POS system that will help ease the work for people in the long run.

**Outcomes:** The overall webinar provided valuable awareness about the value of coffee production and the students were also understood about the techniques used for coffee bean analysis and how to start their own café shop in future. Around 32 students and 6 faculties of Biotechnology department participated in the webinar.

The Oxford College of Engineering, Bengaluru- Institution Innovation Council in association with the Department of Management Studies organized a Webinar on World Entrepreneurship Day 2022: A day to celebrate hard work and success by Mr, Manoj, M D, Plantszone.store , Bangalore on August 27, 2022.

### **Objective:**

The primary goal of the Entrepreneurship Day celebration is to develop all necessary entrepreneurial skills in order to achieve entrepreneurial success. Traditional entrepreneurial knowledge learning methods are no longer adequate to meet the dynamic environment's
