The Institution is recognized by All India Council for Technical Education, approved by Government of Karnataka and affiliated to Visvesvaraya Technological University. The Governance of the institution is strictly in accordance with the Vision and Mission. The system is effectively decentralized for a better governance and performance. The major decisions which have a bearing on the function and the goal of the college are done by the Governing Council which includes the Chairman of the institution.

The staff council of the college headed by the Principal, Director and all the HOD as members ensures the proper implementation of the decisions and directions given. The Management gives sufficient freedom to the Principal, who is the academic head of the institution to function in order to fulfil the vision and mission of the institution. HOD is delegated with department level authority.

Decentralization in the institute is planning a very important role in deciding and implementing the student centric program and activities. The academic activities are delegated as per the hierarchy of organization. The college ensures effective leadership practices by conducting FDP's, conferences, workshops and establishing EDC professionals. The college has several committees/sub committees and duly represented by faculty industry experts, alumni, parents and students to monitor and guide the academic and administrative activities.

The Institute consistently promotes a culture of participative management. The Institute follows committee system for implementation of all its decisions and resolutions. The committees comprise of faculty members and students. The HODs take the decisions and implement the action plan. The department faculty is involved in implementation of the policies of the institute/department. Hence at all levels, there is participative management

**Consistency of the Department statements with the  
 Institute statements**

Vision and Mission of the department are in line with institution's Vision and Mission, where Vision emphasizes that several problems that exist in the society can be solved through technology and its advancements. In particular, Department Vision emphasizes, that the role of computers in technology is inevitable. Such technology can be used for research to benefit the society. This directly contributes to the overall Vision of the Institute.

Following Table-1 depicts the relationship between Department Vision as rows and Institute Vision as columns.

	To be a respected and Most sought	Equipping individuals	Building learning organization in the new millennium"
To produce technocrats with creative technical knowledge and intellectual skills world with confidence".	✓	✓	✓
To sustain and excel in the highly demanding		✓	✓

Table-1 : Correlation between Department Vision and Institute Vision

**CHILDREN'S EDUCATION SOCIETY (Regd.)**  
**THE OXFORD COLLEGE OF ENGINEERING**

(Recognised by the Govt. of Karnataka, Affiliated to Visvesvaraya Technological University, Belagavi.

Approved by A.I.C.T.E. New Delhi.

Recognised by UGC Under Section 2(f)

Bommanahalli, Hosur Road, Bangalore - 560 068.

Ph: 080-61754601/602, Fax: 080 - 25730551

E-mail: engprincipal@theoxford.edu Web: www.theoxfordengg.org

Table : 2 Depicts the relationship between department Mission as rows and Institute Mission as columns. The Mission M1 of department of CSE, "To Produce the Best Computer Science Professionals with Intellectual skills", exactly matches Mission "To develop Competent Students with good value Systems and Face Challenges of the Continuously Changing World.", M1 of the college. So, department M1 helps in achieving M1 of the institution.

	M1
M1	✓
M2	✓
M3	✓

Table- 2 : Correlation between Department Mission and Institute Mission

Institutionally, modern teaching methods are implemented and a vibrant ambience is provided for Creativity, Technology Competent and Innovations for the new Era. Hence, M2 of the department is inline with Mission M1 of the institution.

Institute promotes engineers as responsible citizens with Professional Excellence, Ethical and Moral Values to sustain in the highly demanding world. This is achieved by training them with professional & behavioural activities at the department level. So M3 maps with M1 of the Institute.

**VISION OF THE INSTITUTE**  
To be a respected and most sought after engineering educational institution engaged in equipping individuals capable of building learning organizations in the new millennium.

**MISSION OF THE INSTITUTE**  
To develop competent students with good value systems and face challenges of the continuously changing world.

**VISION OF THE DEPARTMENT**  
To impart technical education par excellence and prepare leaders to serve the industries and society.

**MISSION OF THE DEPARTMENT**  
Mission 1. To Provide the world with a highly committed and quality conscious engineering workforce.  
Mission 2. To Encourage the students to built self-help, Power of initiative, courage to change and create new things.  
Mission 3. To inculcate the spirit of cooperation and capacity for organization with special emphasis on their self-reliance and sustainability to meet ever changing requirements of local and global industries.

**PROGRAM EDUCATIONAL OBJECTIVES(PEOs)**  
PEO 1. Graduates apply their knowledge of mathematics and science to identify, analyze and solve problems in the field of Electronics & communication to develop sophisticated communication systems.  
PEO 2. Graduates to design and buildup interdisciplinary systems by solving core engineering problems in communication systems which are technically sound, economically feasible and socially acceptable.  
PEO 3. Graduates exhibit desire for life-long learning which directs them to obtain thorough knowledge in their chosen fields and motivate them for higher studies/research.

**PROGRAM SPECIFIC OUTCOMES (PSOs)**  
PSO 1: An ability to understand the basic core courses of Electronics & Communication Engineering and to relate them to various areas of application like Communication Systems, control system, Signal processing, VLSI and Embedded systems.  
PSO 2: Should have capability to apply modern tools to analyze and solve complex designs with optimal solutions for various real-world applications  
PSO 3: Excellent adaptability to changing work environment with good leadership qualities and zeal for social and environmental well-being.

Children's Education Society @  
**THE OXFORD COLLEGE OF ENGINEERING**  
DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING  
Bommanahalli, Bangalore-68

**Vision**  
To meet the educational and research needs of the student community and staff through collaboration with other academic and technical institutions, industry and government agencies and make the students to face problems of the country and society as a whole.

**Mission**  
M1-To develop and train competent Electrical and Electronics Engineers with adequate practical skills.  
M2- To provide state-of-the-art resources that contribute to achieve excellence in teaching-learning, research and development activities.  
M3-To inculcate, ethics, leadership, moral values and social activities.

**Programme Educational Objectives:**  
**Graduate of the programme will**

- Be able to apply the fundamental knowledge of mathematics, science, electrical and electronics engineering to analyse and solve the complex problem in electrical, electronics and allied interdisciplinary areas.
- Possess good leadership skills,function ethically in multidisciplinary areas to develop sustainable solutions for global, environmental and social issues.
- Be able to inculcate lifelong learning to maintain and enhance professional skills.

**Program Specific Outcomes**

- Apply fundamental knowledge to identify, formulate, design and investigate various problems of electrical and electronic circuits, power electronics, control systems and power systems.
- Apply modern software tools for design, simulation and analysis of electrical systems to engage in life- long learning and to successfully adapt in multi-disciplinary environments.
- Solve ethically and professionally various Electrical Engineering problems in societal and environmental context and communicate effectively by applying project management techniques to complex engineering problems.

## DEPARTMENT OF MECHANICAL ENGINEERING

### VISION

To become a center of excellence providing state of the art engineering education in mechanical engineering and making individual to be capable of building nation in the new millennium.

### MISSION

Mission 1: To provide an excellent teaching and learning process for the students to meet the needs and standards of the current industries and higher learning process.

Mission 2: To promote research and development activity in the recent emerging trends of the mechanical engineering department.

Mission 3: To provide the students with good communication skill, lifelong learning, team spirit and leadership qualities to face the current society.

**VISION**

To become a center of excellence providing state of the art engineering education in Mechanical Engineering and making individual to be capable of building nation in the new millennium.

**MISSION**

Mission 1: To provide an excellent teaching and learning process for the students to meet the needs and standards of the current industries and higher learning process.

Mission 2: To promote research and development activity in the recent emerging trends of the Mechanical Engineering department.

Mission 3: To provide the students with good communication skill, lifelong learning, team spirit and leadership qualities to face the current society.

**PROGRAM EDUCATIONAL OBJECTIVES(PEOs)**

PEO 1: Graduates in Mechanical Engineering will apply the basic technical knowledge for design, product development and analysis of Mechanical Engineering systems.

PEO 2: Graduates in Mechanical Engineering will demonstrate skill for research, innovation, higher studies and entrepreneurship.

PEO 3: Graduates in Mechanical Engineering will demonstrate good communication skills, dynamic leadership qualities and awareness about environmental protection, blended with ethics and human values.

**PROGRAM SPECIFIC OUTCOMES (PSOs)**

PSO1: Apply Mechanical Engineering knowledge to address wide range of technical and societal problems with creativity, imagination, confidence and responsibility.

PSO2: To understand the design analysis of Mechanical components in various industrial sectors.

PSO3: Analyze, design and evaluate engineering systems including I.C Engines, Refrigeration, Air-conditioning, Conventional and Non-Conventional Power Generating Systems.

**VISION**

To establish the department as a renowned centre of excellence in the area of scientific education, research with industrial guidance and exploration of the latest advances in the rapidly changing field of Automobile Engineering.

**MISSION**

Mission 1. The Department will serve its students, industry and society by fulfilling the mission of learning, and engagement through the creation, dissemination and application of engineering methods

Mission 2. Encourage students to continuously challenge the existing methods in Automobile Engineering with an intention to align the students towards research.

Mission 3. Impart knowledge on practical aspects and professional standards relevant to the practice of Automobile Engineering in the many aspects of modern life where it plays a vital role.

**PROGRAM EDUCATIONAL OBJECTIVES(PEO's)**

PEO1: Graduates shall display technical knowledge in basic Mechanical and Automobile Engineering subject areas enabling them to find career opportunities in relevant government agencies, reputed private firms.

PEO2: Graduates shall gain practical knowledge in the working of Automobile Systems, capable of working on indigenous projects, ventures related to automotive discipline.

PEO3: Graduates shall be well versed with the academic learning material of the course syllabus and ready to take up further learning through higher education and scientific research.

PEO4: Graduates shall be well equipped with the requirements of the current industries to obtain job opportunities in Mechanical and Automotive sectors in the design, Manufacturing, Analysis domains.

**PROGRAM SPECIFIC OUTCOMES (PSOs)**

PSO1: Graduate will demonstrate the knowledge to design, develop, implement and use same into various domains to identify cause and hence provide solutions in the automotive field.

PSO2: Graduate to work in interdisciplinary environment to design systems with the future emission norms and safety standards in automobile sector.

PSO3: Graduate will be able to pursue of lifelong learning and professional development to face the challenging and emerging needs of our society.

**DEPARTMENT OF MECHATRONICS ENGINEERING**

**VISION**

To develop the Mechatronics department as a leading educational and research program with innovation in the design and development of electro-mechanical systems, intelligent machines and products.

**MISSION**

M1 : To provide an outstanding education in Mechatronics Engineering with a rich diversity of skills.

M2 : To contribute to the community prosperity through professional services and research.

M3: To prepare graduates with ability to engage in life-long learning and capable of Carrying out engineering practice with competence.

Bommanahalli, Bangalore-68  
DEPARTMENT OF MECHATRONICS ENGINEERING

**VISION OF THE INSTITUTION**  
To be a respected and most sought after engineering educational institution engaged in equipping individuals to be capable of building learning organization in the new millennium.

**MISSION OF THE INSTITUTION**  
To develop competent students with good value systems to face challenges of the continuously changing world.

**VISION OF THE DEPARTMENT**  
"To develop the Mechatronics Engineering Department as a leading educational and research department with innovation in the design and development of electro- mechanical systems, intelligent machines and products".

**MISSION OF THE DEPARTMENT**  
M1: To provide an outstanding education in Mechatronics Engineering with a rich diversity of skills.  
M2: To contribute to the community prosperity through professional services and research.  
M3: To prepare graduates with ability to engage in life-long learning and capable of carrying out engineering practice with competence.

**PROGRAM EDUCATIONAL OBJECTIVES (PEOs)**  
PEO 1: Inculcate knowledge of basic engineering sciences and fundamentals of mechanical, electrical and computer systems.  
PEO 2: Create ability in graduates to design, develop product and applications in the field of Automation and Mechatronics and be able to use engineering tools that will enhance their productivity.  
PEO 3: Prepare graduates to be effective engineers with good analytical and problem solving skill to innovate, research and develop in a multidisciplinary Mechatronics environment

**PROGRAM SPECIFIC OUTCOMES (PSOs)**  
PSO 1: An ability to understand the concepts of Mechatronics Engineering and to apply them to various areas like Mechanical, Electrical machines, Signal processing, Embedded systems, Communication Systems, Digital & Analog Devices, Computer fields etc.  
PSO 2: An ability to solve complex Mechatronics Engineering problems, using latest hardware and software tools, along with analytical skills to arrive cost effective and appropriate solutions.

**DEPARTMENT OF MATHEMATICS**

**VISION**

We envision that our department will continue to grow as an intellectually stimulating environment that attracts engineers who have a knack for interdisciplinary research. We hope that the department will play a central role in bridging fundamental sciences and engineering.

**MISSION**

Our mission is educating our students to excel in their work as well as mentor the next generation of engineers. We provide engineering Mathematics with theoretical and application-oriented technique and making them successful personally & professionally.

PROCEEDINGS OF THE MINUTES OF THE GOVERNING  
COUNCIL MEETING HELD ON 20-03-2023

DATE : 20-03-2023

TIME : 10:00AM

Subject 01 : Confirmation of the Minutes of  
the previous meeting held on July 28, 2022.

The draft minutes of meeting held on July 28, 2022 has been circulated among all the members certain corrections were suggested by few members and the same was incorporated. The minutes were placed on the table to take on record. After due deliberations, it was resolved to record the proceedings in the minutes book.

Subject 02 : Reconstitution of the Governing  
Council of the Oxford College of Engineering.

In view of the later developments it became imperative to reconstitute the Governing Council. Accordingly, the Governing Council of the Oxford College of Engineering affiliated to Visvesvaraya Technological University, Belagavi was constituted in the past with the representative of the University. The Governing Council of the Oxford College of Engineering reconstituted with immediate effect and until further orders. The Governing Council members list were placed before the committee and accordingly the following resolution was passed.

**CHILDREN'S EDUCATION SOCIETY (Regd.)**

Subject 05 : Review of the activities of various  
committees constituted for NAAC Accreditation

The Principal placed before the Committee and explained about the Expert Team visited the Oxford College of Engineering and conducted site evaluation of all the programs for according NAAC accreditation from March 15, 2023 to March 16, 2023 and we are awaiting for the results. After an extensive discussion, it was resolved to take on board the suggestions / recommendations / advises made by the Peer Team fulfilling the mandatory norms as suggested.

Subject 07:- Briefing the celebration of 18<sup>th</sup>  
Graduation Day 2021-22 and proposal for conduct  
of 19<sup>th</sup> Graduation Day:-

Graduation Day for the academic year 2021-22 was held on 23<sup>rd</sup> April 2022. Dr. K. Balaveera Reddy, Former Vice Chancellor, VTU, Belagavi, was the chief Guest and presided over by Sri SNUV Narasimha Raja, President, Children's Education Society (R) and the

Subject 09 : Appraisal of Budget Estimate for 2023-24

Dr. N. Kannan presented the budget initially for the expenses up to end of March 2023 and also for the financial year 2023-24 with projected expenses of Recurring and Non-Recurring Expenses. He emphasised mainly to have ICT enabled boards for some of the class rooms. Chairman instructed to procure the ICT boards to upgrade in all the class rooms to impart quality education to all the students so that students can get an access to the recorded lecture of class whenever required. The same placed before the Governing members for their approval. The budget proposed for the FY 2023-24 is

Recurring - Rs. 16,05,59,927  
Non-Recurring - Rs. 95,95,997

Subject 10 : AAR Submission - NAAC

Dr. N. Kannan, Principal, TOCE informed the GC that TOCE has successfully completed NAAC PEER TEAM visit on 15<sup>th</sup> and 16<sup>th</sup> March 2023 and awaiting for results. Meanwhile the data for the submission of NAAR AAR 2021-22 was also placed before the GC for approval. The GC members after a brief discussion accorded permission for uploading the AAR for 2021-22 in NAAC portal.

Subject 11 : Purchase of equipments, appliances, peripherals and consumables and procurement of services from the service providers :-

In order to carry out academic, examination and research and also extension activities of the

Subject 11 : Implementation of Leave Policy:

The members of the Governing Council felt that it has become expedient and feasible to streamline the Leave Policy existing in pursuit of welfare measures and notified the revised Leave Policy admissible to the employees in The Oxford Educational Institutions. (Telugu Linguistic Minority), excluding The Oxford Pre-university college with effective from 1st Jan 2023 and accordingly, a notification was prepared and issued on 03-11-2022 vide reference No. CES/100/ASM/ LP/2022-23. After deliberate discussions, the Leave Policy was placed on the table before the Members of the Governing Council and was resolved and taken on record.

Subject 12 :- Implementation of Research Promotion Schemes and Policy:

Dr N. Kannan, Principal, TOCE placed the MOM of CES No CES/2022-23/04 dated 18-11-2022 on the Agenda: Revision of Research Promotion Schemes and policy before the GC for immediate implementation w.e.f - 01-01-2023 which was ratified by GC.

Subject 13 :- Grant of Time Bound Increments to the Teaching and Non-Teaching Staff.

The chairman took note the teaching and Non-teaching staff are eligible for increment since increment become due to such of the employees who have completed a minimum of increment of one year as the case may be in the same cadre/ position held by them without any increment of and having satisfactory performance record, having served in The Oxford College of Engineering. Revision of AICTE pay scale in par with the upward revision of the pay scale of the central Government employees based on the 6th pay commission was awaited. Since, it has been delayed, the chairman took decision to review the salary for Teaching, Non-Teaching and Supporting staff. Accordingly, the revision in pay scale has been sanctioned from 1st April 2023 to Teaching, Non-Teaching & Supporting staff as per the list enclosed and duly approved and initiated by the chairman.
