Summary

The Oxford College of Engineering (TOCE) is affiliated to Visvesvaraya-Technological-University (VTU), Belagavi. It offers academic programme of high quality in nine UG programs. For the Post Graduate programs there are ten M-Tech programs, MBA, MCA and Research Programme (Ph.D.) in twelve disciplines.

The College adheres to the Curriculum and Syllabus prescribed by the university. The principal conducts meeting with the Heads of Departments before the beginning of every semester to finalize various strategies for effective implementation of the curriculum. Academic Calendar is prepared by the Committee based on VTU Academic Calendar. The calendar contains the details of academic and Co-curricular events planned for the entire academic year. The details of date of commencement of the academic session, duration of semester, internal assessment tests and final semester examinations are also taken care in the curriculum.

The Time-table is prepared by the Committee as per the teaching schedule of the University. The faculty along with HODs conduct their internal meetings and develop academic plans, lesson plans, and course files for the ensuing semester-wise academic planning. The departments systematically design and develop action plans for effective implementation of the curriculum.

Action plan:

- The lesson plans are prepared according to the curriculum and College Time-table is prepared for each semester.
- The syllabus coverage and course delivery are monitored continuously based on the lesson plans by the Review Committee and the discrepancies found if any intimated to HODs for redressal.
- PEOs, POs, PSOs and CSOs are defined in all the Programs/Courses. The faculty is encouraged to complement conventional teaching methods with innovative teaching strategies such as presentations, assignments, discussions, workshops, seminars and industrial visits. Expert Lectures, NPTEL lectures, extensive use of ICT tools and other pedagogical practices play an important role in achieving desired COs.
- The attainment of COs, POs and PSOs is measured by direct and indirect tools.
- To bridge the gap between the industry requirements and curriculum, the college has introduced Workshops, Guest Lectures, Seminars, Conferences, Paper Presentations, Soft Skills Training Programs Add-on/Certificate programs to enable students acquire market-relevant skills.
- Academic audit is held at department and institution level to maintain efficacy.
- The student's feedback is obtained on faculty, content delivery and course outcomes to improve teaching learning process.
- The result analysis is conducted after every semester.
- Remedial classes are held for slow-learners to ensure their excellent academic performance.
